2010 *Calendar*

released to be caught again another day

January

CAPRICORN | DECEMBER 21 - JANUARY 19 Capricorn you are half fish by nature so it's no wonder that fish are drawn to your fly. You have a big influence on your fellow anglers so don't let a practical joke get the better of you. Stay cool. What goes around, comes around. Much of what you have worked toward will be rewarded financially.

AQUARIUS | JANUARY 20 - FEBRUARY 18 Aquarius is Latin for "water-bearer". You fall in love with anything to do with water sports but you don't excel at any one activity because you spread yourself a little thin. Dig deep and learn to say no this year. Spend more time doing fewer things well.

April

ARIES | MARCH 20 - APRIL 18 Aries goes into activities head on. This is a great trait if you are trying to get things done, but it can work against you at times. Your eagerness lost you the "big one", on more than one occasion. But don't worry, blue skies ahead and it won't be long before you get another crack. "The one that didn't get away".
